PROFESSIONAL EXPERIENCE

Pan African Information Communication Technology Association (PAICTA) | East London
IT Intern

2024 – Present

Focusing on software development, gaining practical experience in coding, problem-solving, and project implementation.

- **Personal Portfolio:** Designed and developed a modern, responsive personal portfolio website to showcase skills, projects, and achievements as a developer. Highlights include:
 - Integrating an interactive project section for visitors to explore detailed work.
 - Implementing a sleek, user-friendly design for easy navigation.
 - Optimizing website performance for fast load times and smooth interaction.
 - [View Project](#)
- **Nethub Cafe:** Developed a modern e-commerce platform for a café, enabling customers to browse products, manage a cart, and complete secure online payments. Highlights:
 - Implemented Paystack integration for secure payments in ZAR.
 - Built dynamic cart management with real-time updates and local storage.
 - Added delivery options with address validation for doorstep delivery.
 - Designed a responsive, mobile-friendly interface using Bootstrap 5.
